That the federal courts, like any other human endeavor, have their faults and failings, is obvious. A field study of the operation of the federal judiciary by the Senate Appropriations Committee has evoked much comment because of its criticism of poor administrative practices in the courts and the long periods of time it takes some districts to clear a case from the docket.

The latter shortcoming is particularly harmful because of the deterioration of evidence and financial loss which can occur when a civil suit is pending for years, as happens frequently in several of the 86

districts. Senate investigators found there have been delays of five to nine years before cases reached trial in some districts.

Legal bodies, including the Judicial Conference of the United States, recommend six months from filing to trial as the maximum time lapse which should occur, but only 14 of the 86 districts are currently able to remove cases from the docket in this period of time. Six courts require at least two years to process the average

Corrective legislation should be forthcoming to eliminate many of the administrative deficiencies responsible for such peculiar circumstances as one judge completely free of any backlog of cases while another jurist on the same court may be buried under a year's work.

That may be a correct attitude but does it apply when there is a conflict of interest? For instance, one of the arguments against the confirmation of Lewis L. That there was no conflict of interest did not impress those who opposed him, the opposition, be it remembered, having been led by Sen, Clinton Anderson of

Steel Strike **Effect Claims** More Victims

PITTSBURGH, Pa. (AP)-The effects of the three-week-old steel strike continued to spread today like a contagious illness, claiming thousands more innocent victims in industries allied to steel.

An unofficial tally of layoffs in industries depending on steel indicates that nearly 100,000 workers are idle.

They are furloughed men who have no current arguments with their companies and whose companies have no grievances with them. They became involved in the dispute because their companies depend on steel to operate at full scale.

Their prospects for regular work are remote until the 500,000man nationwide steel walkout is

The victims include mostly coal and iron miners, railroad workers, truckers, and other transportation men who handle steel. To lesser extents there have been layoffs among dock and lake boatmen and those employed by the steel plants who are not members of the striking United Steelworkers Union.

Shops and retail businesses, buried deep in struck areas and with few customers besides the strikers, have been seriously affected by the abrupt drop in income.

In Pennsylvania, one of the states most heavily hit, there were 28,538 idle workers in steel allied industries at the week end. They include 9,157 railroaders and showed an increase of 1,000 in less than three days.

Layoffs in other states and areas included 5,000 in western New York, 3,093 in Maryland, 4,361 in Alabama, 500 in the San Francisco Bay area, 3,225 in Colorado, 2,200 in Wisconsin, 2,300 in Indiana, 1,500 in Detroit. In Utah the number of unemployment claims have jumped from 3,000 to 4,500. A majority of the new claims were from idled coal mi-

New Housing Bill Headed For Senate

WASHINGTON (AP) - A new housing bill headed toward the Senate today with Sen. John Sparkman (D-Ala.) contending its \$1,050,000,000 cost is a rock bottom figure.

The Housing subcommittee which Sparkman heads wrote the measure in an effort to get omnibus housing legislation this year which President Eisenhower will

If its provisions are accepted, Sparkman said, there should be no need for another major housing bill next year. The total was well under the

\$1,375,000,000 in the bill Eisenhower vetoed June 7. But it still contained bigger authorizations than the 810 million asked by the President.

The new bill also contained more public housing, a new program of loans for college classrooms, and direct government loans for housing for the elderly -all items which Eisenhower had asked be eliminated entirely.

Sparkman said he and Sen. Homer E. Capehart (R-Ind.), senior Republican on the subcommittee, had agreed that the new bill should be approved by the full Banking Committee, the Senate, the House and the President.

Sparkman said he expects it to reach the Senate floor next week after action by the Senate Bank-

ing Committee Tuesday. The subcommittee wrote the new bill after voting 5-4 not to recommend an attempt to override Eisenhower's veto of the earlier measure.

Ray W. Davis, 120 Montclair Ave., Pickaway County Prosecuting Attorney, is among the 175 prosecuting attorneys from across the nation who are attending the annual Short Course for Prosecuting Attorneys sponsored by the Northwestern University School of Law under a Ford Foundation grant this week.

The Short Course, which began Monday will continue through Friday, is directed by Northwestern Law School Proffessor Fred Inbau. Sessions will be held in the Drake Hotel in Chicago, near the Northwestern Law School's downtown Chicago campus.

The course was originated in 1936 by Professor Inbau, and is the only such course operated on a national scale. It has trained more than 1,000 prosecutors.

Lecturers include Senator Frank E. Moss, (Dem., Utah), and the prosecuting attorneys of Philadelphia, Los Angeles and Brooklyn, plus legal and police experts from New York and Chicago.

Davis Attends DA Study Course

Ray W. Davis, 120 Montclair Ave., Pickaway County Prosecuting Attorney, is among the 175 prosecuting attorneys from across the nation who are attending the annual Short Course for Prosecuting Attorneys sponsored by the Northwestern University School of Law under a Ford Foundation grant this week.

The Short Course, which began Monday will continue through Friday, is directed by Northwestern Law School Proffessor Fred Inbau. Sessions will be held in the Drake Hotel in Chicago, near the Northwestern Law School's downtown Chicago campus.

The course was originated in 1936 by Professor Inbau, and is the only such course operated on a national scale. It has trained more than 1,000 prosecutors.

Lecturers include Senator Frank E. Moss, (Dem., Utah), and the prosecuting attorneys of Philadel phia, Los Angeles and Brooklyn, plus legal and police experts from New York and Chicago.

Harold Reno Visits Local Exhibition

Jim Gettys of Lancaster came up with a sizzling 104 qualification score in the Pickaway County Fair Horse Shoe Pitching Tournament last night.

Gettys' total represents the highest qualification mark here to date. Monday night Gearld Wiseman of Chillicothe posted a 102 which stayed high until last night.

Other qualifying scores last night included a 98 turned in by A. Badger of Ashville and an 86 by J. Rhymer of Stoutsville. So far nine throwers have registered qualifying scores, with many more expected tonight and Friday. The local courts had a special

visitor last night in the way of Harold Reno of Sabina who took headed. Tom Tootle provided the ball diamond. A Kiwanis win second place in the World Horse Shoe Pitching Tournament held last week near Salt Lake City,

> RENO, rated as one of the top pitchers in the world, wowed fans with his deadeye accuracy in the peg pounding sport. He did not enter the tourney here in that he leaves today for an Eastern U. S. l'ourney in Pennsylvania.

The pitching specialist commended local tournament officials on the fine new courts here. He said they rated with the best.

Reno said he confines his shoe pitching mostly to the summer time, although he ocasionally throws in the winter at various indoor courts in this area.

The local tourney qualification pitching will continue tonight and tomorrow night. The championship pitchoff is scheduled to start at 6 p. m. Saturday.

CHAMP TOSSER - Harold Reno, Sabina, Ohio State horse shoe champion, Eastern National champion and second place winner in the World Horse Shoe tournament at Salt Lake City last week, got in some practice at the Pickaway County Fairgrounds last night. The GOP state executives generally were reluctant to express public preferences during the 51st Annual Governors' Conference, which wound up its business Wednesday. But the impact of New York Gov. Nelson A. Rockefeller on his party colleagues was obviously less favorable than Nixon's friends had feared it would be. Rockefeller edged somewhat

closer to contesting for the 1960 GOP nomination in public and private utterances here. At times he had the appearance of a man who is being convinced that he ought to make a try for it. At others he was as hesitant as he has seemed to be for months. The word now is that Rocke-

feller will decide about Nov. 1 whether he ought to take on Nixon. And he will do that only if he is convinced that the vice president seems likely to be defeated by a Democrat and that he. Rockefeller, has a better chance to keep the White House in Republican hands.

Rockefeller impressed his fellow chief executives as a forceful, alert man, willing to take on any comers who challenge his political philosophy.

He did this with Illinois Gov. William G. Stratton, another Republican, in a sharp verbal exchange over federal intrusion into gubernatorial authority. There was no umpire available to judge who won the argument. But it seemed safe to say that if Rockefeller should become a candidate for the presidential nomination, his brush with Stratton did not improve his chances of getting the support of the powerful Iillinois delegation.

seemed to feel, a bit resentfully, that Rockefeller was preoccupied with weighty issues and had little time to fraternize with them. His admitted charm, however, was reflected in favorable comment from others.

2 Newport Jail Escapees Held by FBI

CHICAGO (AP)-The FBI here is holding two men who admitted to police that they sawed their way out of jail in Newport, Ky.,

last week. Held are Demphus Lewis, 37, of Camden, Ohio, who was under a 20-year sentence for robbery last Jan. 30 of a bank at Glencoe, Ky., and Elbert Wellman, 30, of Logan, W. Va., who was serving a

four-year sentence for auto theft. The pair were among seven men who escaped from the Kentucky jail last Tuesday and then eluded a maze of police roadblocks.

Police who seized the pair said they stopped an auto containing Wellman and Lewis when they saw it weaving down a street. Police said the men offered no resistance and admitted they were fugitives. The FBI took custody of the pair to charge them with interstate transportation of a stolen auto.

The car stopped by police was stolen last Tuesday from a service station in Norwood, Ohio, the FBI said. Norwood is a suburb of Cincinnati, across the Ohio River from Newport. The service station was also burglarized, the FBI

New Holland Lions Invite Khrushchev

Nikita S. Khrushchev, premier of Soviet Russia, has been invited by the New Holland Lions Club to come to its auction sale Sept. 19.

The invitation was no joke; the directors of the Lions Club were very serious when they voted at the board meeting Monday night to extend it. The motion was made by Bill Friece and seconded by Frank Schlagetter. The vote was unanimous.

Bob Lewis, public relations chairman, was delegated to write the letter of invitation and send it by registered mail to the Russian embassy in Washington, D. C. It follows in full:

"The Lions Club of New Holland, Ohio, wishes to welcome you to the United States, and more specifically, it would like to welcome you to New Holland during your visit to our country in September. "Mr. Khrushchev, there are

thousands of Lions Clubs scattered throughout the World, dedicated to men here thought. the purpose of service to our fellow man. The New Holland Club is one composed of 78 members, loing country, and our motto, like that of all Lions, is 'We Serve.'

"On Sept. 19, we will hold an auction sale, combined with an all day fish fry and get together. The auction will be of all types of farm machinery, autos, farm grains and various other articles donated and consigned for sale to our club. Rockefellers Impact Said Less Favorable Than First Feared

SAN JUAN, Puerto Rico (AP)-Richard M. Nixon's backers remained confident today that a majority of the nation's Republican governors support the vice president for their party's 1960 presidential nomination.

The GOP state executives generally were reluctant to express public preferences during the 51st Annual Governors' Conference, which wound up its business Wednesday. But the impact of New York Gov. Nelson A. Rockefeller on his party colleagues was obviously less favorable than Nixon's friends had feared it would be.

Rockefeller edged somewhat closer to contesting for the 1960 GOP nomination in public and private utterances here. At times he had the appearance of a man who is being convinced that he ought to make a try for it. At others he was as hesitant as he has seemed to be for months.

The word now is that Rockefeller will decide about Nov. 1 whether he ought to take on Nixon. And he will do that only if he is convinced that the vice president seems likely to be defeated by a Democrat and that he. Rockefeller, has a better chance to keep the White House in Republican hands.

2 Newport Jail Escapees Held by FBI

CHICAGO (AP)-The FBI here is holding two men who admitted to police that they sawed their way out of jail in Newport, Ky., last week.

Held are Demphus Lewis, 37, of Camden, Ohio, who was under a 20-year sentence for robbery last Jan. 30 of a bank at Glencoe, Ky., and Elbert Wellman, 30, of Logan, W. Va., who was serving a four-year sentence for auto theft.

The pair were among seven men who escaped from the Kentucky jail last Tuesday and then eluded a maze of police roadblocks.

Police who seized the pair said they stopped an auto containing Wellman and Lewis when they saw it weaving down a street. Police said the men offered no resistance and admitted they were fugitives. The FBI took custody of the pair to charge them with interstate transportation of a stolen auto.

The car stopped by police was stolen last Tuesday from a service station in Norwood, Ohio, the FBI said. Norwood is a suburb of Cincinnati, across the Ohio River from Newport. The service station was also burglarized, the FBI
